

The Directorate of TECNASA, aware of the importance of the environment and that its activities may have an impact on it, is committed to comply with and transmit the principles that constitute its Environmental Policy.

This policy is applicable to the "Provision of central administration services for the activities of: import, distribution, installation, integration and maintenance of electronic equipment and accessories; design, development, installation and maintenance of software ", guiding us to provide our services in the most responsible way possible from the environmental point of view.

We believe that the development of our activity should integrate criteria of sustainable development, that guarantee an adequate management of resources and a protection of the environment, and that respond to the demands of society. To this end, an Environmental Management System has been established and implemented based on the requirements of the UNE-EN-ISO 14001: 2015 standard.

The Environmental Management Policy of TECNASA is based on the following commitments:

- The performance of our activity within a management environment oriented to the continuous environmental improvement of our processes and to the prevention of any type of contamination that could be caused by our activity.
- Comply with all the applicable requirements, both legal and any other type of requirement related to our environmental aspects, that could be subscribed.
- Commitment to protecting the environment, preventing pollution and promoting an understanding and dissemination of the environmental management policy within our organization, through training and continuous communication to workers and all companies working for or on behalf of of TECNASA.

This environmental policy, managed in accordance with the requirements of the applicable standard, provides the reference framework for establishing and reviewing environmental objectives and goals and is communicated to all persons included in the scope of the management system or who work on their behalf , published by the means that the Management considers appropriate in each case.
